Portfolio

SUMMARY

I am a highly motivated IT undergraduate student at the Informatics Institute of Technology, with a strong foundation in different programming languages, improved through various projects. I am a learner who enjoys challenges and has a passion for continuous learning and growth. I am seeking an internship to use my knowledge of real-world problems and contribute to a successful software development team while further expanding my knowledge and skill set.

Technical SKILLS

HTML5

MySQL

CSS3

React

Figma

Java

Axure

JavaScript

GitHub

PROFESSIONAL EXPERIENCE

Software- Engineer Intern

August 2024 - June 2025

Ceylon Petroleum Terminal Limited

- Contributed to the full software development lifecycle including UI/UX design, frontend development, backend integration, and technical documentation.
- Played a key role in redesigning and optimizing internal systems and the company website to enhance user experience and operational efficiency.

ICT Tutor

July - Present

- Teach ICT concepts to students from Grade 6 to 11, focusing on both theoretical understanding and practical computer skills.
- Develop lesson plans, digital content, and assessments to enhance student engagement and learning outcomes.
- Guide students in using tools such as MS Office, basic programming, and internet safety practice

EDUCATION QUALIFICATIONS

BSc (Hons) Computer Science (2023 - 2027)

- Informatics Institute of Technology affiliated with the University of Westminster

GCE Advanced Level Examination (Eng. Technology) (2021(2022))

- Gnanodaya National Collage

GCE Ordinary Level Examination (Eng. Technology) (2021(2022))

- Newstead Girls Collage

Diploma in IT & English (2019))
